My dear Sir:

I am searching certain records in regard to the Stephens and Collier family, and I would appreciate it very much if you will look up certain information for me between the years 1760 ap to 1820.

Re--Stephens Genealogy.

James Stephens of Jasper County is reported to have come from Wilkes County. Please look up the marriage records and see if you can find out who James Stephens married, with dates; also please look up the wills and deeds in order to find out the father and mother of James Stephens, so that I can find out about the birth dates.

Re--Collier Genealogy.

Will you be kind enough to look up the marriage certificates and see if you can find a marriage record showing the marriage of Robert Collier and Martha Marshall Booker.

Montgomery Hill, formerly of Washington, is a good friend of mine; likewise the Barnett boys.

Thanking you very kindly, I beg to remain

Yours truly,

D. C. COLLIER.
